

Superintendent's Message

Public schools define the value of a community. I am proud that the Tioga Central school community has never been stronger. Each year our students accomplish amazing things. I look forward to the exciting accomplishments the 2017-2018 school year will bring.

Tioga Central, like many schools across New York, faces many challenges due to funding from Albany and curriculum changes mandated by the New York State Education Department. While the district faces these challenges, our students and educators continue to perform admirably. Student performance is typically among the best in the region. Our strong instructional program is complemented by high student participation in co-curricular and extra-curricular programs.

We are an exemplary school district because of the collaborative effort of our educational community. We must continue to work together to provide a top-notch education to our students. I encourage you to take advantage of the many ways that you can become involved in keeping Tioga Central strong.

Together, we can continue to inspire our students to reach their full potential by providing them with the opportunities and resources they will need for future success.

Sincerely,
Mr. Scot Taylor
Superintendent
