Local Assistance Plan (LAP) Diagnostic Self-Review Document and Report Template

Name of Principal:	Willard Cook
Name/Number of School:	Tioga Middle School
School Address:	27 Fifth Avenue
School Telephone Number:	607-687-8004
Principal's Direct Phone Number:	Same as above
Principal's E-Mail:	wcook@tiogacentral.org
District Telephone Number:	607-687-8000
Superintendent's Direct Phone Number:	Same as above
Superintendent's E-Mail:	staylor@tiogacentral.org
Reason for LAP Designation:	ELA SWD assessment Gap 2011-2012
Website Link for Published Report:	www.tiogacentral.org
School Principal's Signature	Mard Cate 11/20/13

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature

Date \_11/20

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-guality seats to all students in our state.

## Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess it's current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 22, 2013, as well as kept on file at both the school and the district offices.

## **Completing This Form**

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<u>http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html</u>) contains helpful information about the rubric.
- In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
  - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
  - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
  - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- Please Note: The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that Is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

		and Decisions: Visionary leaders create a school commi dents via systems of continuous and sustainable schoo					
10 10 10 10 10 10 10 10 10 10 10 10 10 1	Statement of Practice 2.2:						
Rating	Leaders ensure an article school-wide goals aligned	sure an articulated vision, understood and shared across the community, with a shared sense of urgency about achieving e goals aligned with the vision as outlined in the School Comprehensive Educational Plan (SCEP).					
	Highly Effective	<ul> <li>a) The school community shares and promotes a distinctive and robust vision for student achievement and well-being based on data and holds itself accountable for working as a community to realize this vision as outlined in its SCEP and other school improvement documents.</li> <li>b) The vision is created and enthusiastically supported by staff, families and students such that it is uniformly seen, heard and known across the community.</li> <li>c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect urgent priorities and ensure the realization of the vision.</li> </ul>					
	Effective	<ul> <li>a) The school community shares a vision concerning student achievement and well-being and for how they want to work as a community to realize this vision as outlined in the SCEP and other school improvement documents and data.</li> <li>b) The vision is created by a select group of staff and families and is supported by the school community such that it is uniformly seen, heard and known across the community.</li> <li>c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect priorities that are aligned with the vision.</li> </ul>					
	Developing	<ul> <li>a) The school community has a vision for student achievement and well-being and is in the process of developing shared ownership and ways to incorporate findings from the school's data.</li> <li>b) The vision created is gaining more support with the staff, families and students across the community.</li> <li>c) The school community is developing and working toward specific, measurable, ambitious, results oriented and timely goals; these goals are not priorities aligned to the vision.</li> </ul>					
	Ineffective	<ul> <li>a) The school community has a vision, but it is misaligned to student achievement and well-being based on the school's data.</li> <li>b) The vision is unknown, not commonly understood and/or has not been shared with the staff, families and students across the community.</li> <li>c) The school community does not develop and work toward goals, or, if the community is working toward goals, they are not specific, measurable, ambitious, results oriented and timely.</li> </ul>

## Describe the process used to develop this plan pursuant to CR100.11.

The development of this Local Assistance Plan was a joint effort of the Middle School community. Teachers were observed by the school leader in conjunction with APPR based observations utilizing the Danielson rubric, as well as the RSE-TASC Explicit Instruction walk- through tool. Parents, staff, teachers, and students were interviewed by the school leader and the SWD teachers who assisted on the plan. The CSE chair was consulted for any input that office considered relevant. The results and findings were discussed in staff meetings and shared with district leadership.

## Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

It is important to note this plan corresponds with student performance data from the 2011-0212 school year. Since those assessments were administered, Tioga Middle School has undergone a School Quality Review (SQR) overseen by the Broome-Tioga BOCES, and voluntarily participated in a Quality Improvement Plan led by BOCES SESIS Cheryl Mason.

Results of these two exercises include the development of a K-12 ELA curriculum in 2012. This curriculum was updated in 2013. A special area that was addressed was the creation of a highly prescribed curriculum in the area of ELA Academic Intervention Services (AIS). It is important to note than 90%+ of SWD receive AIS instruction.

Tioga Middle School also committed to adopting research based literacy teaching strategies at this time. Training in these strategies has been on-going since January 2012, and is continuing. Three different teachers have taught over 12 strategies to Tioga's teachers. The materials from these sessions have been shared with the entire district. Every ELA teacher is required to implement one of these strategies weekly, and other academic instructors are required to use one of these strategies bi-weekly.

The first round of both General Education and SWD ELA benchmark testing for the 2013-2014 school year has been done, with results analyzed in Grade level and department level meetings. Additional Common Core based resources have been secured to meet the needs identified from the post-test analysis.

The entire Middle School is constantly monitoring EngageNY for any breaking news about curriculum and the modules recommended for teaching ELA.

It is very difficult to gauge the success of these efforts due to the overall decline in ELA test scores due to adoption and the Common Core curriculum and assessments. The educational landscape in the area of ELA testing has changed so much that comparisons to assess progress are extremely limited in their usefulness.
