

## **Tioga Central School District closed until April 14**

Dear Tioga Central Families,

The Tioga County Department of Health and Office of Emergency Management has directed our school district to close effective today until April 14<sup>th</sup>. While this was a difficult decision, we recognize the need to act decisively to help protect our students, staff and community from the coronavirus. Please note the campus will be completely closed to all students, parents, and community members unless specific arrangements are made with building Principals.

This week our teachers will be making calls to all of their students to check on each of them and coordinate activities for this coming week. Our team has developed a comprehensive plan to provide instructional opportunities and materials our students can do at home. This will include options for both hard copy and online educational activities.

If you need anything at all, please contact us. I recommend everyone check our website at <https://www.tiogacentral.org/>, and subscribe to our twitter feed @tiogatigers for up to the minute information. You can also call us at 607-687-8000.

This will be a difficult time for everyone in our school community but we will face these obstacles together because we are Tioga Strong!

Take care of yourselves and each other,

David Hamilton, Superintendent
